

BRIEF PROGRAM Manage Pain

November 15, 2018 (the first day of the conference)

Time	Hall №1+2 -Neuron	Hall №3- Endorphin	Hall №4- Dopamine	Hall №5-Willis circle	Hall №6- Hypothalamus	
7.30 -9.00	Registration					
8:30 – 9:00	Conference opening Justino Varrassi (Italy), Rudolf Likar (Austria), Danilov Al.B.					
9:00 – 10:30	<p><i>Plenary session 1</i></p> <p>1. Danilov Al.B., Pchelintsev M.V. <i>Le Roi Est Mort, Vive Le Roi!</i> - new opportunities for pain relief after flupirtine care</p> <p>2. Danilov An.B. <i>The concept of endogenous descending pain control systems: role in clinical practice</i></p>					
10:30-10:45	Break					
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>
10:45-12:15	<p><i>Symposium</i></p> <p><i>Simple rules for diagnosis: what should a neurologist know about genetic diseases?</i></p> <p>Gusev V. V., Nikitin S.S. Zakharova E.Yu.</p>	<p><i>Symposium</i></p> <p><i>Pain syndrome. How to increase the effectiveness of treatment?</i></p> <p>Danilov Al.B. Barantsevich E.R., Chutko L.S.</p>	<p><i>Symposium</i></p> <p><i>Patient with acute back pain - debating club</i></p> <p>Danilov An.B. Iskra D.A., Burd S.G.</p>	<p><i>Symposium</i></p> <p><i>Women's migraine</i></p> <p>Manufactured By G. R. Filatova E. G. Ekyueba E.B</p>	<p><i>Lecture of special guest</i></p> <p><i>Interventional methods of pain management Rudolf Likar (Austria)</i></p> <p>Moderators: Isagulyan E. D., Loboda A. V.</p>	
12:15-12:30	Break					
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>
12:30-14:00	<p><i>Symposium</i></p> <p><i>Preventive migraine therapy: "Is there light at the end of the tunnel"</i></p> <p>Tabeeva G.R., Amelin A.V. Azimov, Yu.E.</p>	<p><i>Symposium</i></p> <p><i>Pain treatment: science or art?</i></p> <p>Danilov An.B., Naprienko M.V. Koreshkina M.I. Kamchatnov P.R.</p>	<p><i>Symposium</i></p> <p><i>Pharmacotherapy of pain</i></p> <p>Afanasyev V.V. Belskaya G.N. Afanasyev V.V.</p>	<p><i>Symposium</i></p> <p><i>Children with pain syndromes.</i></p> <p>Belyaev A.F. Men E.E. Generalov V.O. Abramova M.F.</p>	<p><i>Master Class</i></p> <p><i>Manual medicine – world of opportunities for functional disorders in back</i></p> <p>Rudolf Lackner (Austria)</p>	
14:00-14:30	Break					
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>
14.30–16.00	<p><i>Symposium</i></p> <p><i>Osteoarthritis: from theory to daily practice. Basics of complex therapy and rehabilitation.</i></p> <p>Danilov An. B. Aleksieva L.I., Levin OS</p>	<p><i>Symposium</i></p> <p><i>Personalized approach to NSAID's treatment – is it real or not? Dialogue between clinical pharmacologist and neurologist</i></p> <p>Eliseev M.S. Zhuravleva M.V., Putilina M.V.</p>	<p><i>Symposium</i></p> <p><i>We are from the future!</i></p> <p>Tabeeva G.R. Dimos-Dimitrios Micykostas. (Greece) Zhukov N.V.</p>	<p><i>Master Class</i></p> <p><i>Pharmacology of pain in stagnation, what is next? Section - non-drug treatment of pain syndromes.</i></p> <p>Part 1 Voloshin A.G., Isagulyan E.D., Genov P.G., Korolishin V.A., Konovalov N.A.</p>	<p><i>Symposium</i></p> <p><i>Difficult patient</i></p> <p>Chuprina S.E. Barulin A.N.</p>	<p><i>Symposium</i></p> <p><i>Facial pain</i></p> <p>Belaspov V.V., Mingazova L.R. Orlova O.R. Akhmadeeva L.R.</p>
16:00-16:15	Break					
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>
16:15-17:45	<p><i>Special lecture</i></p> <p>1. Yakupov E.Z. <i>heart-filled conversation about pain</i></p> <p>2. Dorozhenok I.Yu. <i>Algic masks of mental disorders</i></p>	<p><i>Symposium</i></p> <p><i>The relevance of classical approaches to the treatment of pain</i></p> <p>Danilov An.B., Tsvetkova E.S. Tsurko V.V.</p>	<p><i>Symposium</i></p> <p><i>Tunnel syndrome</i></p> <p>Volkova L.I., Burdakov V.V. Doronina OB,</p>	<p><i>Master Class</i></p> <p><i>Pharmacology of pain in stagnation, what is next? Section - non-drug treatment of pain syndromes.</i></p> <p>Part 2 Tashlykov V.A., Morozov I.N., Putting zb, Danilov Al. B., Ilinsky O.I.</p>	<p><i>Expert Club</i></p> <p><i>Chronic dysfunctional pelvic pain. New look at the future! Emotional and rational!</i></p> <p>Sharov M.N., Zaitsev A.V., Rachin A.P., Anisimova E.I.</p>	<p><i>Master Class</i></p> <p><i>Vertebral neurological examination and psychodiagnostics. Practical tools for the diagnosis and treatment of pain</i></p> <p>Kurushina O.V., Barulin A.E..</p>

10.30-10.45 Koreshkina M.I. **How to identify a migraine? The diagnosis in 5 minutes - clinical analysis. (Takeda)**

10.30 -10.45 Skorobogatykh K.V. **Is it possible to diagnose a migraine in 15 minutes? (Teva)**

10:45 - 12:15 Kuzmin A.R. **Study of the effects of RBC by using microprocessors "Aires" on the relief of headaches of various nosology**

12.15-12.30 Sergeev A.V. **Causes of headache and facial pain. How to make the correct diagnosis? Features of examination.**

12:30 - 14:00 Yeremushkin, MA **Functional taping as BS stopping method**

14:30 - 16:00 Alekperova T.A. **what is meant by the syndrome of intermittent claudication**

16.00-16.15 Yakupov E.Z. **Master class "Masks of pain."**

16:30 - 18:00 M. Yeremushkin **Muscle-relaxation manual techniques with BC**

BRIEF PROGRAM Manage Pain
16 November 2018 (2nd conference day)

<i>Время</i>	<i>Hall №1+2 -Neuron</i>	<i>Hall №3- Endorphin</i>	<i>Hall №4- Dopamine</i>	<i>Hall №5-Willis circle</i>	<i>Hall №6- Hypothalamus</i>	<i>Hall № 7 -Brain Sail</i>	
07:00–08:00	<i>Registration</i>						
7:30 – 9:00	<i>Breakfast with an expert Back pain - what's new in the 21st century? Danilov An.B.</i>						
9:00 – 10:30	<i>Plenary session № 2 1. Orlova O.R. Special aspects of the use the Russian botulinum toxin 2. Kukushkin M.L. What's causing migraine? 3. David Leaf (USA). Difficult and controversial issues about pain</i>						
10:30–10:45	<i>Break</i>						
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>	
10:45–12:15	<i>Symposium New level of acute pain Varrassi Giustino (Italy) Danilov Al.B.</i>	<i>Symposium Dive into the depths of migraine Tabeeva G. R., Sergeev A.V., Skorobogatyh K. V., Brand P. Ya.</i>	<i>Symposium Diabetic polyneuropathy: when is it not too late to press the “Stop” button? Iskra D.A., Strokov I.A., Barinov A.N.</i>	<i>Master Class Art therapy Guseva M.E.</i>	<i>Master Class * on a paid basis Chronic muscle pain syndromes of the lower extremities as a result of latent compression of peripheral nerves David Leaf (USA) Part 1</i>	<i>Round table Pain in clinical practice Shestel E.A. Vorobeva O.V. Kurushina OB Antipenko E.A.</i>	<i>Workshop Psychotherapy Katkov A.L. Korabelnikova E.A. Chobanu I.K. Guseva M.E. Ermoshin A.F. Rumyantseva I.V. Bolsun S.A. Maykov V.V. Linde N.D. Polyanova L.M. Klyuchnikov S.Yu. Nikitin V.N. Surina L.A. Ogarkova Yu.L. Mironik – Aksenova OI Vasyutin A.M.</i>
12:15–12:30	<i>Break</i>						
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>	
12:30–14:00	<i>Symposium Musculoskeletal pain: new opportunities for pain relief after flupirtine care Danilov Al.B. Karateev A.E. Davydov O.S.</i>	<i>Symposium Clinical guidelines for treating pain: continuing therapy or new tactic Rachin A.P. Churyukanov M.V. Khramilin V.N.</i>	<i>Symposium How not to get lost in the maze of dorsopathy: Basic treatment of unspecific back pain Danilov An.B., Fedotova A.V. Antipenko E.A.</i>	<i>Symposium Neurogastroenterology: an interdisciplinary approach to pain management Degterev D.A., Valitova E.R., Zhuravleva N.V., Berezina O.I., Dolgopyatov I.A</i>	<i>Master Class * on a paid basis Chronic muscle pain syndromes of the lower extremities as a result of latent compression of peripheral nerves David Leaf (USA) Part 2</i>	<i>Symposium Masks of pain. From theory to practice Khitrov N. A. Doronina O. B., Shirokov V. A.</i>	
14:00–14:30	<i>Break</i>						
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>	
14.30 -16.00	<i>Symposium Innovative pain management technology Epifanov A.V., Tkachev A.M. Yakupov E.Z. Gareev N.N., Dobrovolsky A.P.</i>	<i>Symposium Back pain treatment Leela A.M., Danilov An.B., Naumov A.V.</i>	<i>Symposium Pain is as neurological diseases Mendelevich E. G. Pilipovich, A. A. Kolokolov O. V.</i>	<i>Symposium Opportunities to optimize the management of patients with diseases of nervous system Rachin A.P., Solov'eva E.Yu. Sharov M.N., Danilov Al.B.</i>	<i>Symposium Health Coaching: the practice of forming salutogenese behavior in adults K. A. Bochvar Quickety A.V., Sasina N.</i>	<i>Round table Psychalgia and latent suicide: ways to deal with the body Korosteleva I.A. Suroegina A. Yu. Perederieva L.V.</i>	
16:00–16:15	<i>Break</i>						
	<i>Neuron №1</i>	<i>Neuron №2</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>	
16:15–17:45	<i>Special lecture Psychotherapy among patients with chronic pain Jorge Claudio Ulnik (Argentina)</i>	<i>Round table Opening clinics for patient with pain Tkachev A.M., Epifanov A.V., Danilov Al.B., Sergeev A.V., Doronina K.S.</i>	<i>Symposium Treatment options of chronic pain Zagorulko O.I. Medvedeva L.A. Churyukanov M.V. Scherbakova N.E..</i>	<i>Symposium What to do when pain prevents from living meaningful lives. Danilov An.B. Rachin A.P., Iskra D.A.</i>	<i>Clinical review Difficult patient Merkulova D.M. Kotlyarov S.V.</i>	<i>Section All aspects of pain with cerebral palsy Kotlyarov V.V., Krasavina D.M. Falkovskiy I.V. Orlova O.R.</i>	

10.30-10.45 Koreshkina M.I. Standards for interviewing a patient with a headache. How to diagnose migraine? (Takeda)

10:30 - 10:45 Skorobogatyh K.V. Is it possible to diagnose a migraine in 15 minutes? (Teva)

12.15-12.30 Sergeev A.V. The most popular and the rarest causes of cervicobrachialgia syndrome. Features of the examination. (Takeda)

14:30 - 17:45 Master-class "Algorithm for kinesiological diagnostics of eliminating compression of the cervical and lumbar nerves in 1 reception.

Practical demonstration "Vasilyeva L.F.

16.00-16.15 Yakupov E.Z. Master class "Masks of pain." (Takeda)

16.00-16.15 Skorobogatikh K.V. How to explain to the patient the nature of his headache (Teva)

BRIEF PROGRAM Manage Pain

November 17, 2018 (3rd day of the conference)

<i>Время</i>	<i>Hall №1+2 -Neuron</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>	<i>Brain Sail №7</i>
08:00–09:00	<i>Registration</i>					
9:00 – 10:30	<i>Plenary session 2</i> 1. <i>Igagulyan E.D., Azimov Y.E. Headache - what's new? Neurologist vs Neurosurgeon</i> 2. <i>Danilov An.B. Vitamin D and pain: the relationship and therapeutic options</i>					
10:30–10:45	Break					
	<i>Hall №1+2 -Neuron</i>	<i>Endorphin №3</i>	<i>Dopamine №4</i>	<i>Willis circle №5</i>	<i>Hypothalamus №6</i>	<i>Brain Sail №7</i>
10:45–12:15	<i>Symposium</i> <i>What is coming in the treatment of migraine</i> <i>Osipova V.V., Filatova E.G., Koreshkina M.I.</i>			<i>Symposium</i> <i>Relationships between micronutrients and pain</i> <i>Skalnaya M.G. Notova S.V. Korobeynikova T.V. Skalnaya A.A.</i>	<i>Round table</i> <i>International approach to improving the quality of medical rehabilitation services.</i> <i>Komarov A.N., Achkasov E.E., Bolotov A.V., Suvorov A.Yu., Danilov AB, Stefan Shuko, Wasserman D.A. Ekusheva E.V..</i>	<i>Symposium</i> <i>Methodology of providing medical care for pain syndrome</i> <i>Karakulova Yu.V. Shulyakovsky V.V. Novikova S.N.</i>

Hall "Start with yourself"

10:45 - 13:00 Session of young scientists. Summing up the competition "Doctors of the Future"

Satellite Symposium * permitting particpance only on special invitation!

International Symposium «Acute pain - A clinical entity to manage»

November 17, 2018 (3rd day of the conference)

14:00 - 20:15

Part 1

November 18, 2018 (4th day of the conference)

09:00 - 18:00

Part 2
